

## YOUR QUESTIONS FOR YOUR PRENATAL DOCTOR VISITS<sup>1</sup>

Going to the doctor can be a nervous time. It may be hard to remember everything you want to ask and everything you hear from the doctor and staff.

It helps to prepare a list of important questions. Print this form and list the questions that you want answered. Take your questions to your appointment so you can take notes about what the doctor tells you. Before you leave the doctor's office be sure that you understand your condition, treatment and care, including any medications or tests.
